

Exchange and Build

DIGITAL Europe Programme (DIGITAL) and Health NCPs

When: 7th November 2024 PM

Where: NCBR Office in Brussels. Rue Belliard 40. 1040 Brussels

Who: DIGITAL NCPs and Health NCPs (Maximum 30 people)

Background

Synergies between pillars, clusters, and initiatives are becoming essential. This is particularly important for the Horizon Europe and Digital Europe Programme (DEP), in health-related areas, where policies and initiatives are impacting stakeholders, such as the European Health Data Space (EHDS). However, how can National Contact Points (NCPs) support or implement these recommendations effectively? What essential information will help NCPs improve the participation of their clients in their respective programmes? What are the critical topics they must keep in mind?

During this event, we will explore the synergies between the Horizon Europe Cluster 1 Health and DEP, and touch upon other related initiatives or programmes. We will outline how these programmes work and how NCPs can collaborate to achieve their objectives. The workshop aims to provide practical guidance on supporting stakeholders and maximizing the impact of both programmes.

The event is organized in collaboration with partners of the DEP4ALL project (DEP NCPs network) and kindly hosted by the Polish National Centre for Research and Development (NCBR) office in Brussels.

Draft Agenda

13:30 - 14:00 Welcome and coffee
14:00 - 14:30 Introduction: who is who, expected outcomes, overview of the different programmes in health
14:30 -14:50 Brief presentation of Horizon Europe, Cluster Health, Cancer Mission & Partnerships and links with DEP
