

Health NCP Net 2.0 Training European Partnership Initiatives

Austrian Research Promotion Agency (FFG)
Sensengasse 1 – 1090 Vienna, Austria

This on-site training of HNN2.0 aims at giving a comprehensible overview over the complex landscape of European Partnership Initiatives in the area of Health. The training is organised as a mix of theoretical input and practical work in the form of a group work. Many different types of partnerships will be tackled, such as ERA-Nets, Joint Programming Initiatives, the so-called Art. 185 Initiatives EDCTP and AAL as well as the sole Public-Private Partnership in Health, the Innovative Medicines Initiative.

Austrian funding agencies (Austrian Science Fund (FWF) and FFG) will reveal which considerations are to be taken when deciding upon participating in new partnerships. Also, ERA-LEARN, which has been designed as a support initiative for the Public-Public Partnerships (P2P) community, will be presented by the coordinators from FFG. And as a special treat, they will chat out of the box about the future of European Partnership Initiatives in Horizon Europe.

DAY 1 - Monday 3 December 2018

12:30	Welcome lunch
13:00	Welcome and introduction to the training by the host FFG
	Time travel through the landscape of European Partnership Initiatives in Health
	Astrid Hoebertz, FFG, Austrian NCP for Health, will give an historical overview of the partnerships since their beginning and explain how they evolved with time.
	COFFEE BREAK

Shedding light into the complex variety of Partnerships: Group work

Participants will jointly elaborate the specifics of the different types of partnerships such as ERA-Nets, JPIs, JTI-IMI and Art. 185 Initiatives. They will elucidate the aims of the individual partnerships as well as the differences between them.

17:00	End of Day 1 – free time to visit Christmas markets
19:00	JOINT DINNER

DAY 2 – Tuesday 4 December 2018

9:00	Start of Day 2
-------------	-----------------------

Presentations and wrap-up of group work

	COFFEE BREAK
--	---------------------

Strategic considerations in Austria: When and why participating in European Partnership Initiatives?

Dialogue with

- Reinhard Belocky, Strategy International Programmes, Austrian Science Fund (FWF)
- Birgit Tauber, Head of General Programmes, FFG

LUNCH BREAK

ERA-LEARN – Your support platform

Ursula Bodisch and/or Roland Brandenburg, FFG, Coordinators of ERA-LEARN will give an introduction of the support provided to the P2P community

Chatting out of the box: Horizon Europe and the future of partnerships

Ursula Bodisch and/or Roland Brandenburg are literally sitting at the source of relevant information regarding the future of Public-Public Partnerships. They will share rumors they gathered around this topic with us.

Completing the picture

Together we will complete the “Partnership Landscape for Health”

(15:30) Wrap-up session & Key messages of the training

16:00 End of training
