

Health NCP Net 2.0 Training Open Access & Data Management in Horizon 2020

National Hellenic Research Foundation
Vas. Constantinou 48 - Athens Greece

The principle aim of this HNN 2.0 on-site training is to give a complete overview on Open Access and Data Management in Horizon 2020. The training will be a mix of theory and practice and will be structured in three modules that addressed the 3 top topics selected by Health National Contact Points in the area of Open Access in Horizon 2020 (Open Access/Open data mandates in H2020; Strategies for Research Data Management; and Winning H2020 with Open Science). The main trainers will be experienced experts on Open Science from the National Documentation Center (Dr Marina Angelaki) & the project FOSTER (Iryna Kuchma).

DAY 1 - Thursday 18th October 2018

13.00 - 14.00 Registration and welcome lunch

14.00 - 14.10 Welcome and introduction to the training by HNN2.0 representatives

Open Access/Open Data Mandates in H2020: What is mandated from applicants?

Dr Marina Angelaki - EKT

Overview of Open Science & Open Access

- Definition OS/OA
- OA Mandate in H2020 (publications and research data)
- Policies
- Benefits for researchers

14.10 - 15.10

15.10 - 15.30 Strategies for Open Access Publishing (Case Studies)

Coffee Break (15.30 - 16.00)

16.00 - 16.45 Open Access in practice in H2020: Tips for H2020 applicants during the application process & during project implementation

16.45 - 17.10 Examples of Open Access Repositories: Thematic & Institutional repositories

17.10 - 17.30 Q&A session with NCPs and Lessons Learned

**19:00 - 22.30 Visit to Athens' Centre (Plaka & Thisseio) & Networking dinner
Meeting Point - Metro "Monastiraki"**

Health NCP Net 2.0 Training Open Access & Data Management in Horizon 2020

DAY 2 - Friday 19th October 2018

Open Data: Strategies for Research Data Management, and impact of best practices?

Iryna Kuchma (FOSTER)

9.30 - 9.45 Introduction to the training day

9.45 - 10.15 Why should data be open / Benefits of Open Access to research data.

10.15 - 11.00 How to manage your data to make them open and FAIR. What makes a good Data Management Plan (DMP)?
Common themes to address in DMPs and some sample texts

Coffee Break (11.00 - 11.30)

Horror and hooray (Interactive Session)

- 11.30 - 12.00
- Who wants to share a good reviewing experience?
 - What was so good about that DMP?
 - And who wants to share a disappointing DMP reviewing story?
 - What was so bad about that DMP?

12.00 - 12.40 Group work: DMP review & Discussion of Results

12.40 - 13.00 Wrap-up session & Key messages of the day

Health NCP Net 2.0 Training Open Access & Data Management in Horizon 2020

DAY 2 – Friday 19th October 2018 (cont.)

Lunch Break (13.00 - 14.00)

Winning H2020 with Open Science: How to gain a competitive evaluation advantage? Iryna Kuchma (FOSTER)

Open Science in Horizon 2020 project proposals - maximizing project impact.

14.00 - 14.30

- How to describe Open Science activities in the project proposal.
- Does Open Science matter at proposal evaluation stage?

Interactive session: Horror and hooray:

14.30 - 15.00

- Who wants to share a good experience?
- And who wants to share a disappointing story?

Coffee Break (15.00 - 15.30)

15.30 - 16.30 Exercise: Embedding Open Science in Horizon 2020 project proposals. Reporting back.

16.30 - 17.00 **Wrap-up session: Q&A / Lessons learned from the day**
