Health-NCP-Net

The support network that navigates you through the European Health Research & Innovation funding landscape

Welcome to Health-NCP-Net 3.0 (HNN 3.0)

We are a network of National Contact Points (NCPs) in the area of "Health" enhancing transnational cooperation between NCPs for Cluster 1 Health in Horizon Europe to increase the support for those interested in research funding.

You do not know your National Contact Point, but still have many questions?

HNN3.0 The Cluster 1 Health consortium of NCPs for Horizon Europe has received funding from the European Union's Horizon-ERDF research and innovation programme under Grant Agreement number 101007278

GUIDELINES

for Pitch Sessions basic level

INTRODUCTION AND BACKGROUND

The 'Pitching Guidelines' document contains tips for institutions from widening countries. The aim of this document is to help applicants prepare suitable materials that will have greater impact when they introduce themselves at linkage events organised for Horizon Europe calls or other events of this type, which are mostly organised online.

The Pitching Guidelines document is provided for information only and reflects solely the view of the authors. This guide has been written as part of the HNN3.0 project, a Coordination and Support Action funded by the European Commission, with the goal to improve and support the professionalisation of the services provided by Cluster 1 - health NCPs across Europe, helping for a simpler access to different health related Horizon Europe calls, lowering the entry barriers for newcomers and raising the average quality of the submitted proposals (LIS) with regard to widening countries (WCs), the project includes activities for identifying knowledge gaps and needs of potentially new participants from under-represented sectors in NCPs as well as increasing the visibility and highlighting the expertise of health sector stakeholders in WCs.
